IIM Calcutta
MBA — Leadership & Organisation Strategy

IP University
MA Mass Communication
(Advertising & Corporate Communication)

Symbiosis
MBA — Human Resource Management

PROFESSIONAL SUMMARY

I'm a product and content strategy leader with 14+ years of experience shaping digital products, platforms, and communication systems across B2B and B2C. I specialise in driving adoption, engagement, and growth by combining product thinking, UX strategy, and scalable content frameworks.

EXPERIENCE

Airtel

Deputy General Manager – UX Content & Strategy *July 2020 – Present*

I lead strategy and content experience for Airtel's B2B and B2C digital products across the Airtel app, Airtel web, and key offerings including financial services, IPTV, and conversational AI. I own experience outcomes across critical journeys and use communication, systems, and platforms as core product levers to drive adoption, conversion, retention, and scale.

- Own end-to-end experience strategy across core journeys including discovery, purchase, plan change, support, and activation.
- Define success metrics, funnel stages, and experience KPIs to prioritise initiatives and inform roadmap decisions.
- Drive communication as a product capability across app, web, AI, and marketing to build clarity, trust, and value.
- Lead conversational AI products for support and transactions, defining intent models, NLP frameworks, trust patterns, and success metrics.
- Own a centralised CMS as a product platform, integrating an AI assistant for governed, self-serve content access within guardrails.
- Build scalable systems (states, terminology, templates, governance) to improve consistency, compliance, and GTM speed.
- Drive localisation and vernacular strategy for scale across diverse markets.
- Lead and mentor teams across content, design, and product thinking.

Impact

- **Conversational AI Platform:** Launched Airtel's first chat-led interface across support and transactions; defined intent architecture, NLP framework, tone systems, and trust guardrails.
- **Purchase Metrics Standardisation:** Owned standardisation of the end-to-end purchase funnel (intent → qualified lead → order → activation), creating a single source of truth across COM, Airtel Works, and Siebel CRM.
- **Growth Journeys (Plan Change & Support):** Drove experience and communication strategy delivering 3× conversions, 2× upgrades, 15% fewer exits, and a 10pp drop-off reduction.
- **Digital Products (IPTV, DTH, Shifting):** Led experience strategy across IPTV, DTH, and service journeys; improved engagement (+1.6%) and reduced completion time (~1.5%).
- **Platform & Governance:** Built centralised content systems, templates, and guardrails adopted at scale, reducing content and GTM turnaround time by 30%.

Tools Used: Figma, Adobe XD, Invision, JIRA, Zeplin, draw.io, MoEngage, WCM tool, Adobe AEM, ChatGPT, Gemini, Frontitude

CONSULTING MARKETS

Canada, Middle East (Y BrandTech)
US & India (Damco Solutions)
Singapore (Transform Hub)

SaaS & Digital Transformation
Premium Brands (F1, Lindt)

STRENGTHS

- Product Thinking & Strategy
- Conversational AI Design
- Content Systems & Governance
- Scalable UX Frameworks
- Cross-functional Leadership
- Data-Driven Decisions

SOLV – B2B Marketplace (Standard Chartered Group)

Sr. Content Manager – Brand Marketing & UX Strategy *Nov 2019 – Jul 2020*

- Drove higher engagement and lead generation by creating targeted marketing communication across online/offline channels, social media, emails, SMS, and push notifications.
- Improved product adoption and user clarity by iterating on UX flows, defining communication routes, and establishing best-practice guidelines for product messaging.
- Increased organic visibility and audience trust by co-authoring high-impact CEO office blogs, shaping thought-leadership narratives, and managing WordPress CMS end to end.
- Enhanced product storytelling by creating storyboards and scripts for product videos; strengthened cross-functional alignment with product, marketing, and sales teams.

Tools Used: Figma, Adobe XD, Invision, JIRA, Zeplin, draw.io, MoEngage, WCM tool, Adobe AEM

Medlife.com (Now PharmEasy)

Marketing Manager – Copy & UX Content Design *Aug 2018 – Nov 2019*

- Increased conversions and product adoption by creating high-performing content and campaigns across Labs, OTC, Pharma, E-Consultation, and Medlife Essentials.
- Enhanced user experience and journey completion as a UX copywriter by crafting intuitive, low-friction flows that improved clarity and reduced drop-offs.
- Led content innovation by launching Highway to Health (digital health magazine) and Medi-Scene (medicine insights platform), expanding audience reach and brand authority.
- Drove multi-channel engagement through campaigns across email, push, blogs, BTL ads, webinars, and social media with cross-functional collaboration across product and category teams.

Tools Used: Adobe, Zeplin, Clevertap, Hubspot, JIRA, SEMrush, Google Analytics, Google Trends, Keyword Planner, WordPress, BuzzSumo, SimilarWeb

OLX India

Assistant Manager – Marketing Communication & UX Copy *Jun 2016 – Feb 2018*

- Led the complete UX copy revamp for the OLX app and website, improving clarity and driving higher conversions across key journeys, including the Cars retail segment.
- Increased CRM engagement and repeat usage by rewriting email, SMS, and push communication for updated user flows.
- Directed interview shoots and brand videos including storyboarding and scripting; launched the company-wide internal newsletter “Snackable,” improving cross-team communication.
- Strengthened brand visibility by creating pitch decks, B2B presentations, and internal communication for OLX India and Naspers events; boosted social media engagement through topical content calendars.

Tools Used: MyCLM (internal CLM tool, similar to Salesforce), JIRA, Zeplin

Foodpanda

Lead Copywriter *Jun 2015 – Jun 2016*

- Increased orders and campaign performance by analysing marketing data and defining high-impact content routes and campaign strategies.
- Improved content quality and brand consistency by establishing editorial standards for all external-facing communication and CMS-managed platforms.
- Drove B2C and B2B engagement through quarterly CRM and branding plans; boosted organic reach by scripting SEO-optimised communication tailored to user intent.
- Improved conversion rates by refining microsite content, app UX copy, and website messaging to reduce friction and drive clearer actions.

Tools Used: Slack, JIRA

Evirtual Services

Jan 2014 – Jun 2015

Sr. Writer & Editor

Bookadda (Sapna Bookstore)

Jul 2012 – Dec 2013

Copywriter & Social Media Manager

CONSULTING

Y BrandTech (Canada & Middle East)

Marketing & UX Content Creator & Social Media Strategist *Aug 2021 – Jan 2022*

- Strengthened brand visibility through SEO, keyword research, and social listening; developed high-performing content for social media, websites, and blogs aligned with brand positioning.
- Led UX content and experience design for marquee projects like Formula 1 and Lindt, shaping user flows, navigation, and content design for web and app interfaces.
- Applied design thinking principles to deliver cohesive, user-centric experiences across both marketing and product touchpoints.

Damco Solutions (US & India)

UX Strategist & Copywriter *Oct 2020 – Jul 2022*

- Enhanced user journey clarity and product adoption by crafting UX copy for web and app flows across SaaS and digital transformation products for B2B and B2C clients in the US and Caribbean markets.
- Improved brand communication by scripting product videos, feature explainers, and solution-led narratives; developed high-impact website copy, value propositions, and content frameworks.

Transform Hub (Singapore)

UX Strategist & Marketing Copywriter *Mar 2021 – Sep 2022*

- Drove organic visibility through SEO-focused content creation; delivered high-impact communication across blogs, website copy, press releases, and social media for product engineering, data, cloud, and DevOps.
- Improved message clarity and storytelling by shaping narratives for technical and business audiences across South & East Asia.
